MORE KILLING AT SAM RAINSY PARTY ACTIVIST

Sam Rainsy Party activists were consecutively killed and injured from gunshooting every two days. This is a list of the victims between August 17 and August 22:

- 1- Mr. Khim Nhak, member of SRP council of Preah Theat commune, O Raing Euv district, Kompong Cham province, killed on August 17
- 2- Mr. Hou Sim, member of SRP council of Kaur Khchork commune, Kompong Trabek district, Prey Veng province, wounded on August 19
- 3- Mr. Yea Mui, 42, member of SRP council of Theay commune, Baphnom district, Prey Veng province, killed on August 22 at 11:00 pm

Mr. Yea Mui was shot dead at night while taking bath at home. The killer had opened fire from the backyard of his house and disappeared quickly.

It's hard to see why SRP members must be recorded on the above list. This continuous killing against SRP members is a bad sign for democracy process, a systematic oppression on civil and political rights and a bad omen of the upcoming commune elections.
