## Press Release

### ROAD MAP TO GERMAN-CAMBODIAN COOPERATION

The German Embassy has published the CAMBODIA ROAD ATLAS, a 48-page booklet with up-to-date road maps of all Cambodia.

The Road Atlas is an invitation to explore the beautiful country but also to discover the numerous ways Germany and Cambodia are working together. It includes 22 maps drawn up to international standard presenting brief information on the German-Cambodian Cooperation, which in 12 years has engaged in supporting democracy, good governance, health, economic growth and rural development, thus granting more than 205 million US-Dollars to Cambodia.

"I am proud to present the first international standard Road Atlas of Cambodia", Ambassador Pius Fischer, Germany's newly arrived Ambassador to Cambodia said. "Germany will continue to support Cambodia to keep on moving towards reforms and development."

The CAMBODIA ROAD ATLAS is free. Please enquire at [roadatlas@everyday.com.kh](mailto:roadatlas@everyday.com.kh) or pick-up your copy at Graphic Roots, 216B, Street 63 BKK.
