

Phnom Penh Post

JULY 17, 1995

Dear Mr. Londesborough:

With your interest in South East Asia you should consider subscribing to the Phnom Penh Post. Ten good reasons why are listed on the attached.

The most recent issue of the Post is enclosed for your information. Subscription information is listed on page-2.

Sincerely,

Michael G. Hayes
Publisher

Ref: SEA/195

Dear Executive,

In the time it takes you to read this letter, the odds are that several of your competitors (or indeed colleagues) will have fully briefed themselves on the latest business conditions and outlook across South East Asia.

Not by wading through a pile of magazines, journals and newspapers, but by taking South East Asia MONITOR (SEAM), a trusted 12-page monthly intelligence report that provides analysis, forecasts and commentary in a clear and concise country-by-country format.

By combining breadth with brevity, SEAM, in just four years, has found its way into the offices of more than half of Asia's top 500 companies, onto the desks of more than 200 ministers and ambassadors, and into the regional divisions of multinationals from more than 80 countries around the world.

In fact, more executives have switched to SEAM in the last four years than to any other specialist information service on South East Asia (a glance at the list of principal subscribers in the brochure, along with their endorsements, will give you some idea why).

If you also would like to gain privileged access to information that will keep you one step ahead, now is your chance to do so. For the next 30 days only, you can subscribe to SEAM at a special discount rate protected by a 3-month full money-back guarantee.

You will then at once benefit from:

- * Incisive country-by-country briefings every month on the major business and political developments in ASEAN and Indochina by an independent team of analysts and economists
- * 12- and 24-month macroeconomic forecasts for all key indicators, together with the latest comparative market data, charts, tables and graphs
- * Analysis of the latest changes in the South East Asian business environment - political risk, economic policy, finance, new regulations, privatisations, MNC activity, sector performances

.../ over

There will never be a more cost-effective time for you to subscribe to SOUTH EAST ASIA MONITOR. But remember, you must reply within the next 30 days to qualify for the following benefits:

- * A 15% DISCOUNT ON SEAM - the enclosed order form entitles you to a US\$50 saving on your subscription to South East Asia Monitor (see back of brochure).
- * 40% DISCOUNTS ON TWO OTHER ASIAN MONTHLY REPORTS - by subscribing to SEAM you can also realise big discounts on the two sister publications, China & North Asia Monitor and Indian Subcontinent Monitor (see back of brochure).
- * FURTHER DISCOUNTS ON THE ANNUAL COUNTRY FORECASTS - take any number of our seven new Forecast reports (1995-97) on China, Vietnam, Indonesia, Malaysia, Thailand, India and the Philippines and make further savings on these in-depth country risk studies (see inside of brochure).
- * FULL MONEY-BACK GUARANTEE - If any of the above reports fail to live up to your expectations, we will refund your money in full (see order form). No questions asked.

And on becoming a subscriber to SOUTH EAST ASIA MONITOR, you will at once discover that:

SEAM saves you your most valuable resource - time - by fully briefing you on South East Asia in a fraction of the time of other publications.

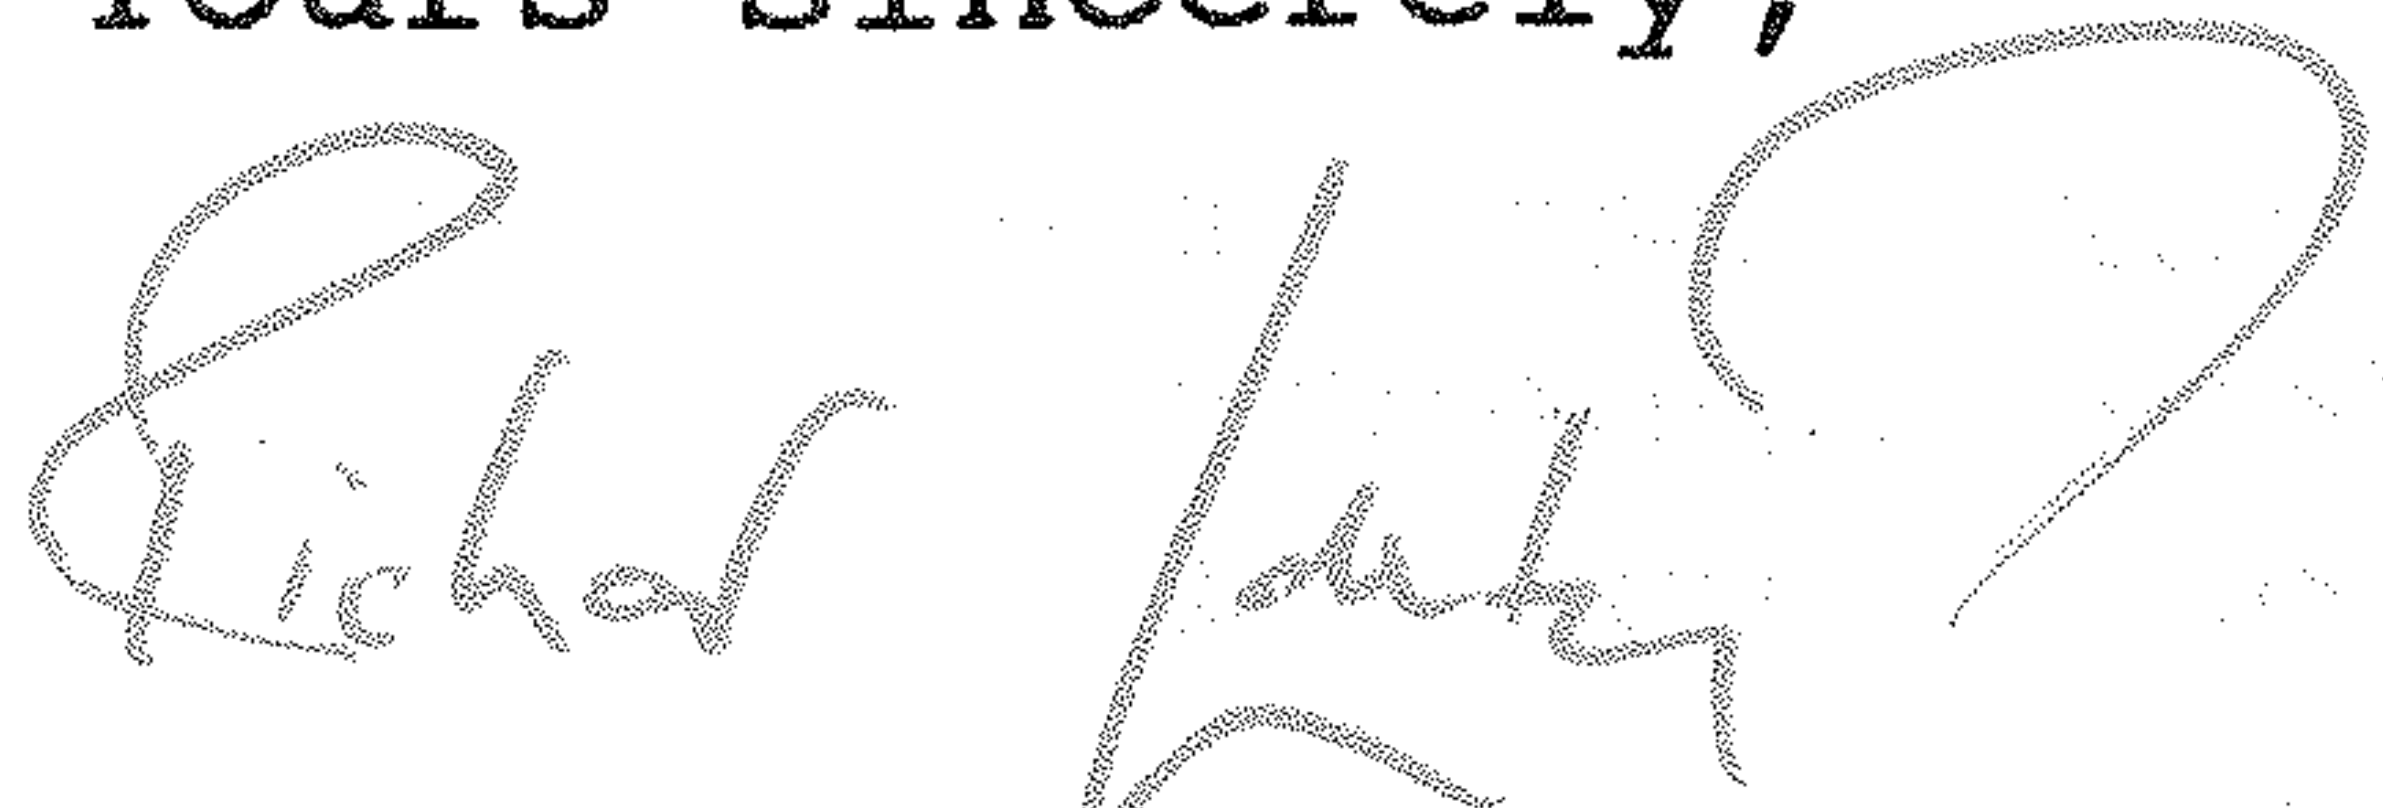

SEAM warns you of key developments before they happen, helping you to avoid costly mistakes and highlighting opportunities for your company.

SEAM is the only publication that provides you every month with updated macroeconomic forecasts and commentaries for all countries in ASEAN and Indochina.

Start now, with this month's issue, by filling out the enclosed order form. For immediate service, fax your form to the subscription department on (+44) 171 608 3620.

I look forward to hearing from you.

Yours sincerely,

Richard Londesborough
PUBLISHER

PS The discount offer is for a limited period only, so act now. And remember: our Money-Back Guarantee means that you risk absolutely nothing.

PPS New ANNUAL COUNTRY FORECASTS on China, Vietnam, Indonesia, India, Malaysia, Thailand and the Philippines are detailed on the inside of the brochure.
