Re: Posters on Water Education

Dear friends,

Greetings from Oxfam!

Please find enclosed five different educational posters related to water use, hygiene and sanitation. These posters were produced in collaboration with CARE International and Unicef, as a part of our water use education process in the communities. We are happy to share these posters to your organization and hoping that somehow it may also serve as a help in your education process in the communities.

Thank you very much.

A handwritten signature in black ink, appearing to be the initials "K.C." followed by a horizontal line.
