Cambodia urgently needs a functioning National Assembly and a Legitimate Government.

Funcinpec President, Samdech Krom Preah Norodom Ranaridh, was so sorry at the news that the CPP broke off the productive talks that were expectedly to be resolving issues of national interests, this week.

The Funcinpec Party would like to reiterate that Samdech Krom Preah and the Funcinpec party have no policy to attack or criticize either Samdech Hun Sen or the CPP.

In the interest of the Cambodian people and Nation, it is, therefore, hoped that the talk will resume soon and a complete agreement will be reached on the creation of a good program policy to best protect our national sovereignty, territorial integrity and the livelihood of the public at large.

The people of Cambodia do need a functioning National Assembly and a Legitimate Government and have strong aspirations for a peaceful, prosperous and democratic future.
