Dear Mr. Dole:

GROUND-WATER DATA AT THE HANFORD SITE

Enclosed you will find three years of data about wells at the Hanford Site. These data were obtained from the U.S. Geological Survey and represent the upper most portion of the unconfined aquifer.

Additionally, I am enclosing a map of the Hanford Site showing the locations of the wells. The 200 Areas are outlined and labeled near the center of the map.

If you need any other information about the ground water at Hanford, feel free to contact me at any time.

Very truly yours,

Paul A Eddy
