Subject Quarterly Reviews

Again we received good press and praise from the latest series of quarterly reviews both from RL and the contractors. I wish to express my thanks and appreciation for the effort that each of you has made to make these reviews meaningful and informative. Our Hanford plant-wide activities take on new importance in light of PNL's recent emphasis on performing Hanford related R&D. Your efforts have made a real contribution to Battelle's committment to excellence. Keep up the good work!
