Subject Geophysical Log Interpretation System

Greg Petrie will be holding a meeting at 1:30 p.m. on Wednesday, December 1, 1982, to discuss and demonstrate the geophysical log interpretation system. It will be an informal meeting, and the topics to be discussed are: 1) what the system does; 2) how to use it; and 3) suggestions for further work. The meeting will be held in the Yakima Room of the Sigma V Building.
