Subject Monthly Report - October 1981

Completed railroad survey this month with no unusual readings detected. Road monitor trips were also completed.

Started the fall hunting season this month.

Had Gordon Andersen for two weeks this month, so had both well trucks out catching up on last months wells. All wells are now up to date. Several Rockwell wells were unable to be sampled. Herb Baze has been called about most of them.

Ed Hilty worked on several wells that would not pump.
