Subject Monthly Report - November 1981

All routine environmental schedules are up to date. Aerial survey was also completed this month.

Monitors spent six days collecting special soil samples with K.R. Price.

There were three road killed deer this month.

We moved some of our supplies from 318A storage, to the Nortec building. This is a temperature storage area.

M.R. Quarders spent four days at Leavenworth, Washington attending Insight. The class was different but interesting.

The following wells were not samples for the various reasons.

699 31-53B	pump not working
699 45-69	pumped but no water
699 53-55A	pumped but no water
699 60-57	pump not working
699 69-38	dry
199 K-28	pump not working
*399 4-9	pipe cracked

These wells were reported to Ed Hilty, Water and Land, for repair.
