Figure 3

Checklist for Disclosure of Invention

1. Descriptive Title of Invention
2. Name and Address of Inventor
3. Origin of Invention
   a) Date and Place of Conception
   b) First Sketch
   c) First Written Description
   d) First Disclosure to Others
   e) First Test or Operation of the Invention
4. Names of Persons Having Knowledge of Facts Under Item 3
5. Contract Under Which the Invention Originated
6. Reports or Publications Describing the Invention
7. Detailed Description of the Invention
   a) Previously Known or Used Methods, Materials or Devices for Performing the Function of the Invention, and Disadvantages of Such Prior Art. Pertinent Literature References and Patents Known to Inventor.
   b) Features Believed to be Novel.
   c) Theory of Operation of the Invention.
   d) Drawing Showing Component Parts of Apparatus, Circuitry, etc.
   e) Extreme and Preferred Ranges of Conditions, or Constituents.
   f) Alternate Embodiments.
   g) Advantages Over Known Prior Art.
   h) Expected Use.
8. If a Joint Invention, Contribution of Each Inventor.
