RE: GEOPHYSICAL LOGGING

I RECEIVED A CALL FROM AN INDIVIDUAL NAMED BRENT RUSSELL WHO IS WITH THE IDAHO NATIONAL ENGINEERING LABOTATORY AT IDAHO FALLS. HE INDICATED THAT THEY DON'T HAVE ANY WORK FOR US AT THIS TIME BUT THEY ARE EXTREMELY INTERESTED IN OUR CAPABILITIES IF THEY DISCOVER HIGHER LEVELS OF RADIATION DURING THEIR OWN LOGGING. HE SAID THAT IT WOULD BE A GOOD IDEA FOR US TO DO A WRITEUP ON OUR CAPABILITIES IN THE LOGGING FIELD. SO WOULD YOU TWO GET TOGETHER AND GENERATE A SHORT AND SWEET DISCRIPTION OF OUR CAPABILITIES IN THE LOGGING FIELD AND SEND COPY TO HIM. HIS ADDRESS IS;
