Subject Purchase Requisition #J0924

The work to be performed by a subcontractor under purchase requisition #J0924 is very urgent. Delay in placing this contract will seriously impair the work that we are conducting. This work must be completed as soon as possible, because our sponsor must have our results before further plans can be made concerning possible solutions to an operational problem. Because of the urgency of this work, I would like to request that you solicit phone bids in the interest of saving valuable time.
