Dear Paul,

Enclosed is a copy of my paper, the announcement for the workshop it is for, and the last roll of film from the summer.

You will want to use the stop-frame projector on this roll. I'm satisfied with the tritium but not with the gross beta. However, I've spent quite a bit of time on it already and am not sure if I can do much better.

I look forward to hearing from you.

Sincerely,

Jeff
