Mr. Nelson:

Please be so kind as to forward this Committee the following PNL publications:

(1) Radiological Status of the Ground-Water Beneath the Hanford Site for CY-1982

(2) Environmental Surveillance at Hanford for CY-1982

(3) Environmental Status of Hanford for CY-1982

Your cooperation in this matter is much appreciated.

In addition, if possible, the Committee desires that their name be put on the permanent mailing list so we may automatically receive these annual surveys.

Thank you,

Larry L. Caldwell
