To All Staff

From T. M. Graham, Emergency Preparedness Coordinator

Subject Activation of 300 Area Evacuation Siren

The 300 Area Evacuation Siren will be activated for a short time on Tuesday, February 7 at 12:15 p.m. This test will not require your evacuation.

PA announcements and the Crash Alarm Telephone System will be used before and after the test to remind employees of the siren test.

The test will be part of a larger Benton-Franklin County Emergency Management test of all the emergency siren and public notification systems.
