Subject Monthly Report - September 1984

This month I continued to prepare Stevens recorder charts that are to be sent to Records Retention for BWIP. There has been considerable discussion as to how much work I will be needed for during the next fiscal year. I will be spending at lease three days a week full time out there, maybe more. There will be two days a week for me to do other work, when it becomes available.

I also spent a few days this month helping Chuck Cline prepare interval reports.
