Dear Mr. Michael Hayes,

Re: A free copy of your Phnom Penh Post newspaper

It has always been a great pleasure to read your newspaper; The Phnom Penh Post which is currently so popular, not only among the Cambodian and foreign readers in the Cambodia's region, but also throughout many other foreign countries. I particularly enjoy the most, when there is an article in regard with the environmental issue.

I would deeply appreciate it, if you could provide a free copy of your newspaper; The Phnom Penh Post to my office, at the Ministry of Environment. It is vital and essential to keep update of the current situation and well-being of the country.

I would like to avail myself of this opportunity to wish you and The Phnom Penh Post, a great health, success and prosperity in many years to come.

With my best regards and high consideration.

Sincerely yours,

Dr. Mok Mareth
Minister
