

Supplementary Material

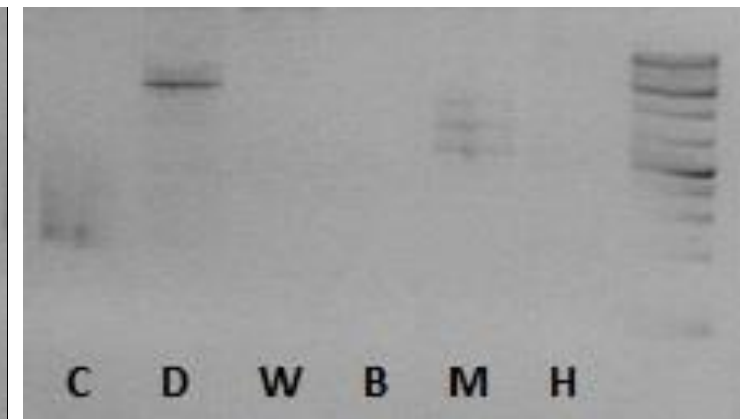

A. Beaver 1

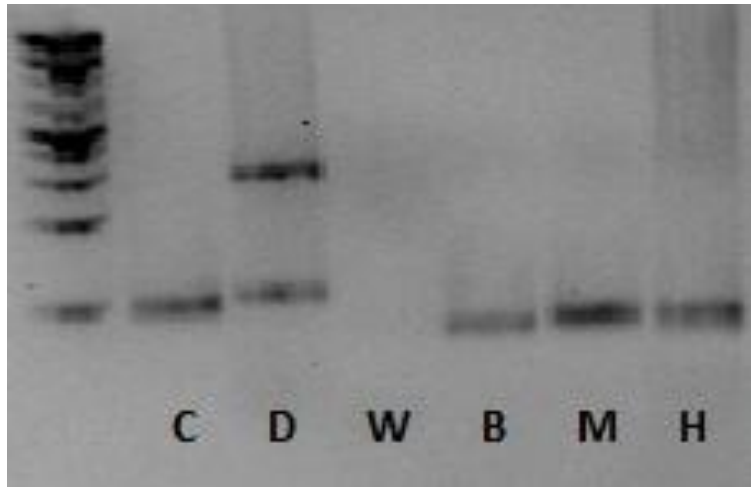

B. Beaver 2

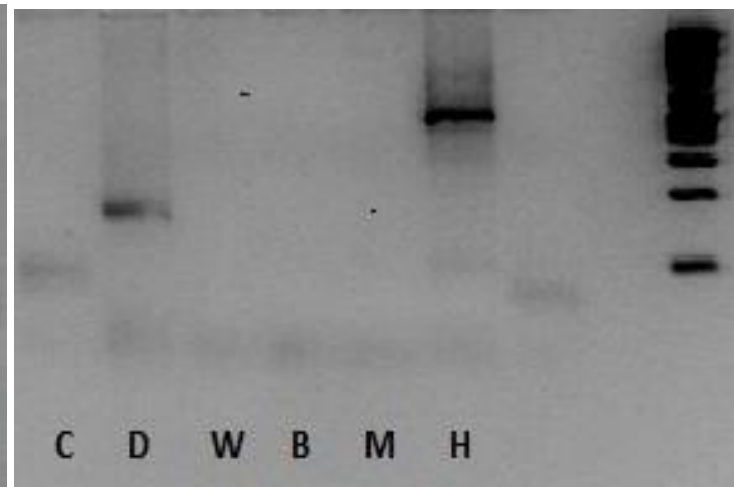

C. Caribou 1

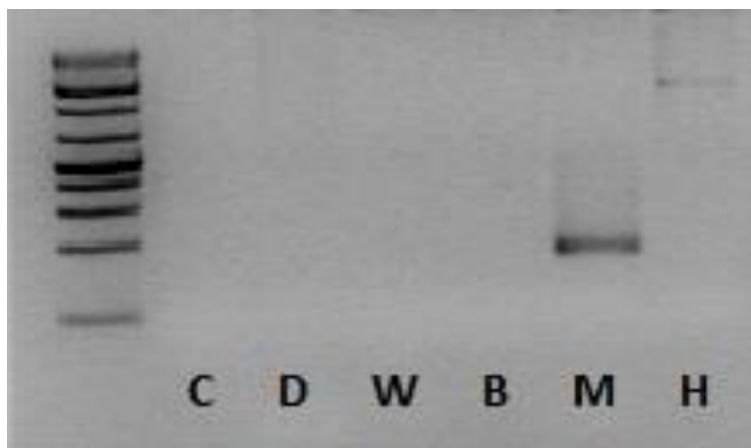

D. Caribou 2

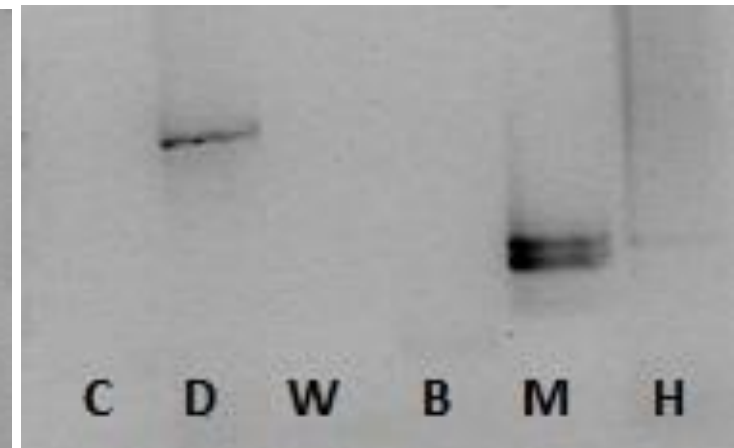

E. Deer 1

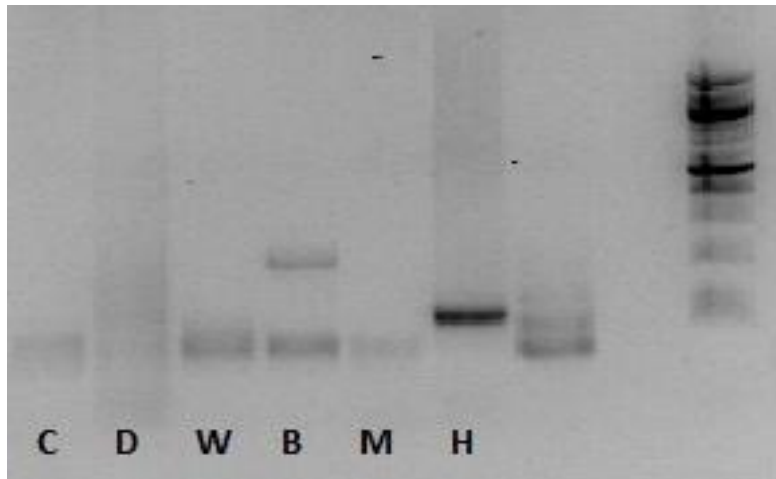

F. Deer 2

G. Moose 1

H. Moose 2

I. Snowshoe Hare

Figure S1. PCR products of cross-species standardization for species-specific mitochondrial DNA primers on a 3% agarose gel. Letters beneath gel lanes signify the prey DNA that was run with the primer. Letters on gel images, from left to right, C = caribou, D= deer, W = wolf, B = beaver, M = moose, and H = Snowshoe Hare. Ladders are on the far left or far right of the gel images. Primer names are below each gel image.
