

A stippled map of the Pacific Northwest coastline, showing the coast of Washington, Oregon, and California. The map is rendered in a halftone or stippled style, with the landmasses appearing as dark, textured areas against a lighter background.

CONTRIBUTIONS FROM THE DEPARTMENT OF OCEANOGRAPHY

UNIVERSITY OF WASHINGTON

1970 Supplement

458. Larsen, Lawrence H.  
1969. Oscillations of a neutrally buoyant sphere in a stratified fluid. *Deep Sea Research* 16(6):587-603.
488. Lie, Ulf  
1969. Cumacea from Puget Sound and off the northwestern coast of Washington, with descriptions of two new species. *Crustaceana* 17(1):19-30.
490. Rattray, Maurice, Jr., Juraj G. Dworski, and Paavo E. Kovala  
1969. Generation of internal tides at the continental slope. *Deep-Sea Research* 16:179-195.
491. Larsen, L. H., M. Rattray, Jr., W. Barbee, and J. G. Dworski  
1969. Internal waves. *Proceedings, Sixth U.S. Navy Symposium on Military Oceanography, 26-28 May 1969, Seattle.*
492. Taylor, Peter B., and Lo-chai Chen  
1969. The predator-prey relationship between the octopus (*Octopus bimaculatus*) and the California scorpion fish (*Scorpaena guttata*). *Pacific Science* 23(3):311-316.
499. Coachman, L. K.  
1969. Physical oceanography in the Arctic Ocean: 1968. *Arctic* 22(3):214-224.
500. Cline, Joel D., and Francis A. Richards  
1969. Oxygenation of hydrogen sulfide in sea water at constant salinity, temperature, and pH. *Environmental Science and Technology* 3(9):838-843.
501. Whetten, John T., James C. Kelley, and Larry G. Hanson  
1969. Characteristics of Columbia River sediment and sediment transport. *Journal of Sedimentary Petrology* 39:1149-1166.
502. Kelley, James C., and John T. Whetten  
1969. Quantitative statistical analyses of Columbia River sediment samples. *Journal of Sedimentary Petrology* 39:1167-1173.
503. McManus, Dean A., James C. Kelley, and Joe S. Creager  
1969. Continental shelf sedimentation in an arctic environment. *Geological Society of America Bulletin* 80(10):1961-1984.
504. Grill, E. V.  
1970. A mathematical model for the marine dissolved-silicate cycle. *Deep-Sea Research* 17:245-266.

505. Lie, Ulf  
1969. The logarithmic series and the log normal distribution applied to benthic infauna from Puget Sound, Washington, U.S.A. *Fiskeridirektoratets Skrifter Serie Havundersøkelser* 15:237-248.
506. Banse, Karl  
1969. *Acrocirridae* new family (*Polychaeta sedentaria*). *Journal of the Fisheries Research Board of Canada* 26(10):2595-2620.
507. Jawed, Mohammed  
1969. Body nitrogen and nitrogenous excretion in *Neomysis rayii* Murdoch and *Euphausia pacifica* Hansen. *Limnology and Oceanography* 14:748-754.
508. Larsen, L. H.  
1969. Internal waves and their role in mixing the upper layers of the ocean. *The Trend in Engineering* 21(4):8-11, 19.
509. Hawkins, James W., Jr., and John T. Whetten  
1969. Graywacke matrix minerals: Hydrothermal investigations using Columbia River sediments. *Science* (in press).
510. Gross, M. Grant, Betty-Ann Morse, and Clifford A. Barnes  
1969. Movement of near-bottom waters on the continental shelf off the northwestern United States. *Journal of Geophysical Research* 74(28):7044-7047.
511. Parsons, T. R. and G. C. Anderson  
----. Large-scale studies of primary production in the North Pacific Ocean. *Deep-Sea Research* (in press).
512. Huang, Norden E.  
1970. Mass transport induced by wave motion. *Journal of Marine Research* 28(1):35-50.
513. Goering, John J. and Joel D. Cline  
----. A note on denitrification in seawater. *Limnology and Oceanography* (in press).
514. Roden, G. I.  
1970. Aspects of the mid-Pacific transition zone. *Journal of Geophysical Research* 75(6):1097-1109.
515. Dugdale, R. C. and J. J. Goering  
----. Nutrient limitation and the path of nitrogen in Peru current production. In Edward Chin (ed.) *Results of the Anton Bruun cruises off the coast of South America* (in press).
516. Sanger, G. A.  
1970. The seasonal distribution of some seabirds off Washington and Oregon with notes on their ecology and behavior. *The Condor* 72(3):339-357.
517. Martin, Seelye  
1969. A hydrodynamic curiosity: the salt oscillator. *Geophysical Fluid Dynamics* 1:179-196.

518. Grim, Muriel S., and Dean A. McManus  
1970. A shallow seismic-profiling survey of the northern Bering Sea. *Marine Geology* 8:293-320.
519. Taylor, Peter B.  
1970. Observations on the function of the fronto-lateral horns and horn glands of barnacle nauplii (Cirripedia). *Biological Bulletin* 138:211-218.
520. McManus, Dean A.  
----. Comparison of three methods of measuring or estimating phonic velocity in sediments. Leg V report, JOIDES Deep-Sea Drilling project (in press).
521. Ling, Hsin-Yi  
1970. Silicoflagellates from Central North Pacific core sediments. *Bulletin of American Paleontology* 58(259):85-129.
522. Sternberg, R. W.  
----. Field measurements of the hydrodynamic roughness of the deep-sea boundary. *Deep-Sea Research* (in press).
523. Lie, Ulf, and James C. Kelley  
1970. Benthic infauna communities off the coast of Washington and in Puget Sound, Part I: Identification and distribution of the communities. *Journal of the Fisheries Research Board of Canada* 27:621-651.
524. Nichols, Frederic H.  
1970. Benthic polychaete assemblages and sediment characteristics in Port Madison, Washington. *Marine Biology* 6(1):48-57.
525. Lewin, Joyce, and Richard E. Norris  
1970. Surf-zone diatoms of the coasts of Washington and New Zealand. *Phycologia* 9(2):143-149.
526. Merrill, Ronald T.  
1970. Low-temperature treatments of magnetite and magnetite-bearing rocks. *Journal of Geophysical Research* 75:3343-3349.
527. Ling, Hsin-Yi, and Carol J. Stadum  
1970. An evaluation of the Nomarski system for the study of siliceous microskeletons. *Journal of Paleontology* 44(4):781-784.
528. McManus, Dean A. and C. Stephen Smyth  
1970. Turbid bottom water on the continental shelf of North Bering Sea. *Journal of Sedimentary Petrology* 40(3).
529. Coachman, L. K., and R. B. Tripp  
----. Currents north of the Bering Strait in winter. *Limnology and Oceanography* (in press).
530. VenkataRathnam, K.  
----. Formation of the barrier spit near Chilka Lake, along the east coast of India. *Marine Geology* (in press).

531. Barnes, C. A., A. Duxbury and B. A. Morse  
 ----. Circulation and selected properties of Columbia River effluent at sea. *In* D. L. Alverson and A. T. Pruter (ed.) Bioenvironmental studies of the Columbia River estuary and adjacent ocean regions (in press).
532. Gross, M. Grant  
 ----. Sediment-associated radionuclides from the Columbia River, 1961-1963. *In* D. L. Alverson and A. T. Pruter (ed.) Bioenvironmental studies of the Columbia River estuary and adjacent ocean regions (in press).
533. Gross, M. Grant, Andrew G. Carey, Jr., Gerald A. Fowler, and L. D. Kulm  
 ----. Distribution of organic carbon in surface sediment, Northeast Pacific Ocean. *In* D. L. Alverson and A. T. Pruter (ed.) Bioenvironmental studies of the Columbia River estuary and adjacent ocean regions (in press).
534. Conomos, T. J. and M. G. Gross  
 ----. River-ocean suspended matter relationships during summer. *In* D. L. Alverson and A. T. Pruter (ed.) Bioenvironmental studies of the Columbia River estuary and adjacent ocean regions (in press).
535. Conomos, T. J., M. G. Gross, C. A. Barnes, and F. A. Richards  
 ----. Summer river-ocean nutrient relationship. *In* D. L. Alverson and A. T. Pruter (ed.) Bioenvironmental studies of the Columbia River estuary and adjacent ocean regions (in press).
536. Anderson, George C.  
 ----. Some aspects of marine phytoplankton studies near the Columbia River with special reference to a subsurface chlorophyll maximum. *In* D. L. Alverson and A. T. Pruter (ed.) Bioenvironmental studies of the Columbia River estuary and adjacent ocean regions (in press).
537. Peterson, Willis K.  
 ----. The distribution of marine pelagic copepoda off the coast of Washington and Oregon during 1961 and 1962. *In* D. L. Alverson and A. T. Pruter (ed.) Bioenvironmental studies of the Columbia River estuary and adjacent ocean regions (in press).
538. Duxbury, Alyn C.  
 ----. Variability of salinity and nutrients off the Columbia River mouth. *In* D. L. Alverson and A. T. Pruter (ed.) Bioenvironmental studies of the Columbia River estuary and adjacent ocean regions (in press).
539. McManus, Dean A.  
 ----. Bottom topography and sediment texture near the Columbia River mouth. *In* D. L. Alverson and A. T. Pruter (ed.) Bioenvironmental studies of the Columbia River estuary and adjacent ocean regions (in press).

540. Harman, Robert A.  
 ----. The distribution of microbiogenic sediment near the mouth of the Columbia River. In D. L. Alverson and A. T. Pruter (ed.) Bioenvironmental studies of the Columbia River estuary and adjacent ocean regions (in press).
541. Rosig, Johanna M., Hsin-Yi Ling, and Carol J. Stadum  
 1970. Micropaleontology of a Miocene core from the western tropical Pacific. Pacific Science 24(4):421-432.
542. Roden, Gunnar I.  
 1970. Spectra of North Pacific temperature and salinity perturbations in the depth domain. Journal of Physical Oceanography 1(1).
543. White, Stan M.  
 1970. Mineralogy and geochemistry of continental shelf sediments off the Washington-Oregon coast. Journal of Sedimentary Petrology 40(1):38-54.
544. McManus, Dean A.  
 ----. Criteria of climatic change in the inorganic components of marine sediments. Quaternary Research (in press).
545. Lister, C. R. B.  
 1969. Heat flow west of the Juan de Fuca Ridge. Journal of Geophysical Research 75(4):2648-2654.
546. Anderson, G. C., and R. P. Zeutschel  
 1970. Release of dissolved organic matter by marine phytoplankton in coastal and offshore areas of the Northeast Pacific Ocean. Limnology and Oceanography 15(3):402-407.
547. Banse, Karl, Frederic H. Nichols, and Dora R. May  
 ----. Oxygen consumption by the seabed. III. On the role of the macrofauna at three stations. In Proceedings of the Third European Symposium on Marine Biology, Arachon, France, 2-7 September 1968 (in press).
548. Banse, Karl  
 ----. The small species of *Euchone* Malmgren (Sabellidae, Polychaeta). In Proceedings of the Biological Society of Washington (in press).
549. Damkaer, David  
 ----. *Parastephos occatum*, a new species of hyperbenthos copepod (Copepoda: Calanoida) from the inland marine waters of Washington state. In Proceedings, Biological Society of America (in press).
550. Goering, J. G., R. C. Dugdale, F. A. Richards, L. Codispoti  
 ----. Nitrogen fixation and denitrification in biogeochemical budgets. Symposium on Hydrogeochemistry and biogeochemistry. 7-11 September 1970, Tokyo.

551. Lewin, Joyce and J. Hellebust  
 1970. Heterotrophic nutrition of the marine pennate diatom, *Cylindrotheca fusiformis*. Canadian Journal of Microbiology 16 (in press).
552. Kelley, James C.  
 ----. Mathematical treatment of point-count data. In Robert Carver (ed.) Proceedings in Sedimentary Petrology (in press).
553. Kelley, James C.  
 ----. Hierarchical analysis of variance of shelf sediment textures. Journal of Sedimentary Petrology (in press).
554. Packard, T. T., M. L. Healy, and F. A. Richards  
 ----. Vertical distribution of the respiratory electron transport system in marine plankton. Limnology and Oceanography (in press).
555. Dugdale, R. C. and T. Whitledge  
 1970. Computer simulation of phytoplankton growth near a marine sewage outfall. Revue Internationale d' Oceanographie Medicale 17:201-210.
556. Aagaard, Knut  
 1970. Wind-driven transports in the Greenland and Norwegian Seas. Deep-Sea Research 17(2):281-291.
557. Richards, F. A., James A. Anderson, and Joel D. Cline  
 ----. Chemical and physical observations in Golfo Dulce, an anoxic basin on the Pacific coast of Costa Rica. Limnology and Oceanography (in press).
558. Frost, B. W.  
 ----. On the taxonomic status of *Calanus finmarchicus* and *Calanus glacialis* (Copepoda) with special reference to adult males. Journal of the Fisheries Research Board of Canada (in press).
