IRB Approval

Under FWA #00006878, the IRB approved your activity from 9/19/2018 to 9/18/2021.

- **Depending on the nature of your study, you may need to obtain other approvals or permissions to conduct your research. For example, you might need to apply for access to data (e.g., to obtain UW student data). Or, you might need to obtain permission from facilities managers to approach possible subjects or conduct research procedures in the facilities (e.g., Seattle School District; the Harborview Emergency Department).**
- Your application qualified for expedited review (“minimal risk”; Categories 6 & 7).
- This 3-year approval period applies only to research that is not federally-supported. If you obtain federal support during this time, you must immediately submit a Continuing Review and a Modification with the new funding information.
- This approval applies only to the activities described in your application (including any references to specific grant sections). It does not include other activities that may be described in your grant or contract.

Determinations, waivers, and regulations

The IRB made the determinations and waivers listed in the table below. Note that any granted waivers of consent or parent permission do not override a subject’s refusal to provide broad consent.

Requirement	Determination or Waiver
Consent	Waived for third party recruiting

Location of documents

Use the consent, parental permission, and assent forms that were approved and stamped by the IRB. They can be downloaded from the Final column under the **Documents tab** in Zipline.
