Bren Plummer

The String Orchestra of the Rockies [SOR] is the only professional ensemble of its kind in Montana and draws upon the talents of the finest string players in Big Sky Country. All SOR members are successful string teachers in addition to their professional performance schedules. This unique, conductor-less ensemble invites audiences to connect emotionally with them as they treat listeners to music as varied as Montana itself. Members rehearse in a collaborative effort that enables each player to have an impact on the artistic process. Now in its 33rd year, the SOR continues its commitment of "giving back" to the community by offering free master classes and workshops presented by world-renowned guest artists, as well as providing an annual scholarship to an undergraduate string student at the University of Montana.
