

The Phnom Penh Post

The Honorable Lau Meng Khin
Senator
Royal Government of Cambodia

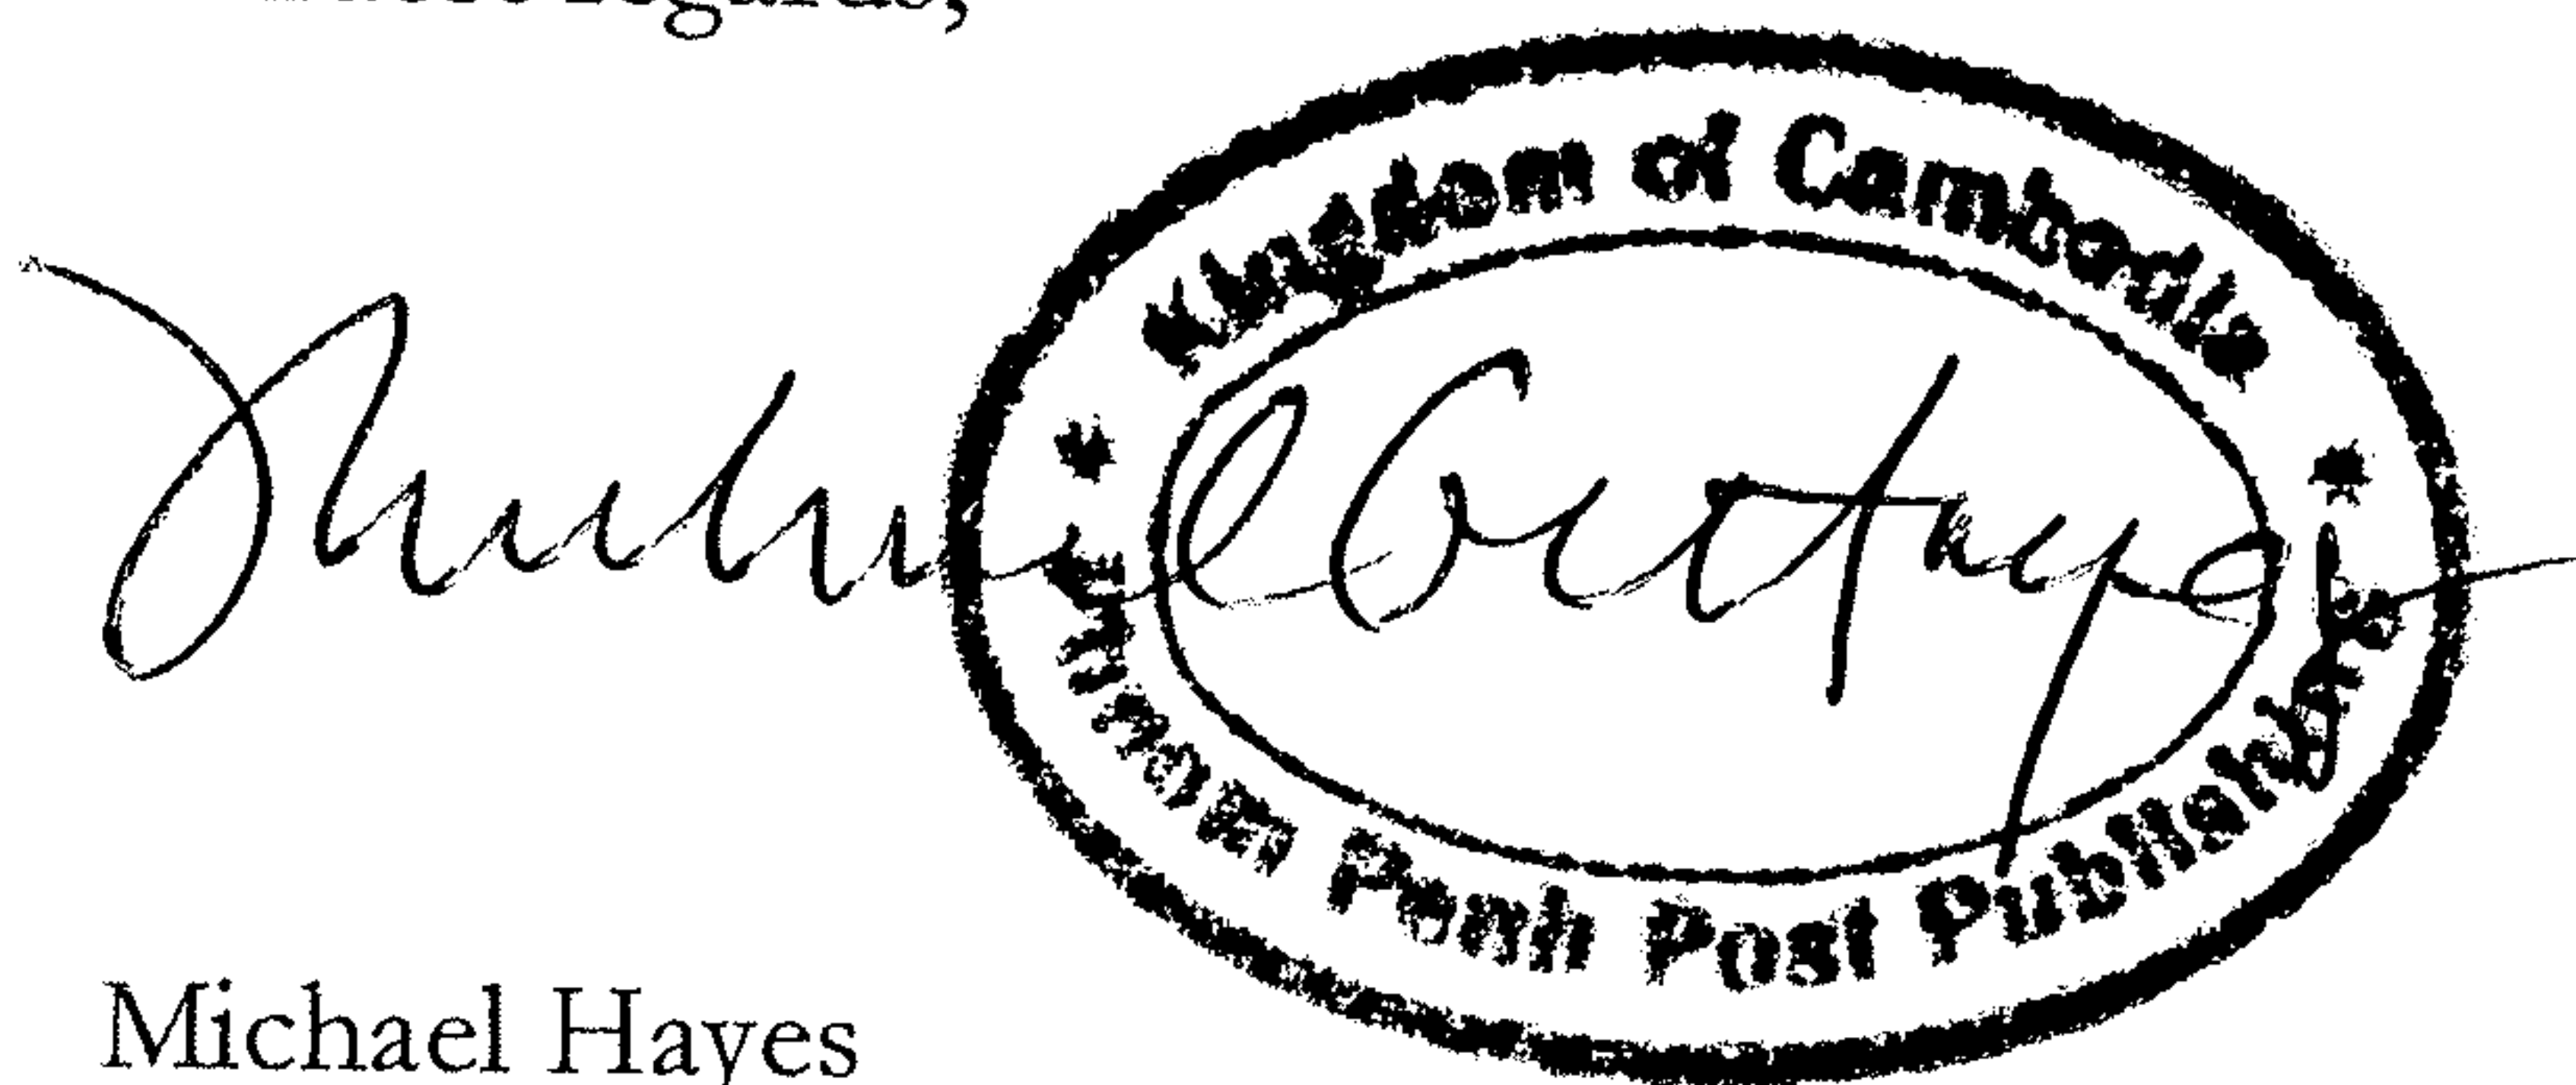

September 15, 2008

Your Excellency,

For upcoming editions of the *Phnom Penh Post*, we are planning an extended series of articles on your company's development at Boeung Kak lake. We are writing to kindly request an interview with you this week, which would allow you to talk about your project and address any concerns about its implementation.

As part of our profile of Shukaku Inc. and its plans for the lake, we would run the interview verbatim, in largely unedited form and would like to professionally videotape the interview. Accordingly, *Phnom Penh Post* reporter Chhay Channyda will call your office shortly to inquire about your ability to speak with us. We value your input on these issues. Attached are questions to give you an idea of what we are hoping to cover.

Kindest regards,

Michael Hayes
Editor-in-Chief

Questions

1. Could you please describe in detail the scope and plans of your development project at Boeung Kak? How many phases does it entail?
2. When is the project scheduled to begin construction? When is the planned opening? How much investment is involved?
3. What kind of construction do you have at Boeng Kak?
4. Are there other domestic investment partners in the project? Foreign investment partners?
5. What are the obstacles in implementing this project?
6. What are the solutions?
7. Are you involved in other development projects besides Boeung Kak?
