Do you know what MOOCs are?

Discover a new way to improve your knowledge and skills.
Massive Open Online Courses (MOOCs) are classes made available on the internet to expand access to quality education and promote professional training in almost any field of study imaginable. They are typically free of charge.

MOOCs offer a unique opportunity to learn a new subject, upgrade job skills, receive professional certification and even obtain academic credit.

How can you benefit?

MOOCs offer diverse fields of study from high-tech science to the basics of food management.

MOOCs are backed by major institutions and the world’s leading universities. They are available in numerous languages.

You can take courses at any time and often complete them at your own pace.

MOOCs offer the possibility to certify your skills, improve your CV or even get a new job.
MOOCs are a unique way to develop skills vital to the 21st Century workplace.
